

G5 Entertainment announces the global release of Twilight Land

G5 Entertainment announces the global release of its free-to-play Hidden Object adventure game, Twilight Land, shortly to be made available worldwide in the G5 Store for Windows, Microsoft Windows Store, Apple App Store and Google Play. Other major distribution channels will also be supported soon.

In Twilight Land, players travel back in time to a small town in the 1930's to help Lizzy Rose unravel unsolved secrets and rebuild the town her grandmother once loved. In this game, players journey through a mystical storyline filled with charming scenes full of hidden objects and unsolved levels. As players uncover and solve the town's mysteries, they can renovate, decorate, design, and influence the town's appearance as they bring the small town back to its former elegance.

As with all new G5 games, Twilight Land has G5 Friends network built-in, making it possible to play with friends.
